

App Design

Things to report in app

App features

Solutions

App Hurdles

Design like the park usc app but like social media instead

Nicholas Bogar

integrates with iOS 26 liquid glass

Nicholas Bogar

“Home” feed, account page, search page, settings

Nicholas Bogar

Live alerts/ notifacations

Nanda All

Embedded app features appear sunken in

Wiggins

Problems with commute

Nicholas Bogar

Scooters and e-bike stories

Nicholas Bogar

Anti-student practices (purposely allowing classes to be excessively difficult etc.)

Nicholas Bogar

Dining hall issues

Nicholas Bogar

Roadblocks/general traffic problems

Nanda All

Social media-like posts

Nicholas Bogar

Petitions under each post

Nicholas Bogar

Ability to sign and vote for urgency levels for each post/petition

Nicholas Bogar

Ran by students to prevent suppression of issues

Nicholas Bogar

Could be a place for campus leaders to hold votes for making decisions

Nicholas Bogar

Sorting

Nicholas Bogar

History

Nicholas Bogar

Adding a feedback tab within the app

Nanda All

A potential moderation system (?)

Nanda All

Embedded app features (like maps/ directions, gifs, etc.)

Wiggins

Hold bi-weekly student events where leadership listens to student’s concerns

Nicholas Bogar

App, obviously

Nicholas Bogar

Send out email surveys?

Nicholas Bogar

Getting users

Nicholas Bogar

Getting campus leaders to agree to it

Nicholas Bogar

People may treat it as social media too much and post wrong things

Nicholas Bogar

Getting it made
